VERDICT: UNCERTAIN

Confidence: 50.0% | **Gating Trigger:** evidence_absence_abstain
Policy Category: Abstain (Evidence Absent — Cannot Validate Style Prediction)
Explanation: 4/4 claims (100%) returned no live corroborating sources. Style model predicts FAKE (88.8%) but this signal cannot be trusted without factual grounding — the vocabulary may simply be absent from the training distribution (domain shift). System abstains; manual editorial review required.
